

# NAX Motorcycle Rider Training

## MOST Training Session

This course is designed for those who are looking to gain the skills needed to pass the Motorcycle Operator Skills Test (MOST)

On this course:

We will take you through all aspects of the course including each of the drills you are required to demonstrate in the test. The left turn, stop in the box, the cone-weave, u-turn, quick stop, and obstacle turn. Our course is setup as you would find it and we run you through a mock test, giving you a real confidence to tackle the MOST on the day

Our courses are run on a **1 to 1** basis so you get our full attention. You are not rushed or hampered by other riders being at different skill levels. We take an in-depth look at your riding in a very personal and professional manner.

Take a look at what our [customers are saying](#)

Before coming:

To get the most out of the day it is recommended that you have some experience with slow speed riding. If you haven't that's ok, just let us know.

Duration:

100 minutes ( 1 hr 40 minutes)
